

INTERIOR DESIGN

3 YEARS BACHELOR PROGRAM

Our three-year Interior Design Program prepares aspiring designers by providing them with a firm foundation in the critical skills and techniques needed to enter the professional design world.

Students undertake both a theoretical and practical course of study in the domains of materials, textures, light, color, and atmospheres, as well as in computer-aided design and presentation techniques. Through a series of workshops and conferences with specialists, students will learn how to design, construct, communicate, present, and sell their own projects.

In addition to undertaking an intensive study in all aspects of the design process and representation techniques, students are introduced to the full spectrum of the professional design world through a comprehensive series of visits by professionals working on all sides of the industry, from pop-up stores to architectural firms. Students will perform mock interviews for internships and study quote preparation in anticipation of entry into the professional design world, and they will have the opportunity to present their work to invited guests at jury presentations.

CURRICULUM – INTERIOR DESIGN CORE COURSES

CONSTRUCTION AND THEORY
PRODUCT DESIGN
TECHNICAL DRAWING

TECHNICAL COURSES
PRESENTATION TECHNIQUES
COMPUTER AIDED DESIGN
PERSPECTIVE
COLOR FOR INTERIOR DESIGN

ART/HUMANITIES
ART HISTORY
HISTORY OF INTERIOR DESIGN
FRENCH AS A SECOND LANGUAGE

The semester program consists of a 4-month session either during the fall or spring semester, with a similar curriculum to that of the 3-year program.

THE PARIS AMERICAN ACADEMY

The Paris American Academy, founded by Richard Roy in 1965, has provided world-class instruction for **more than sixty** years, sharing the love of fashion, interior design, creative writing, and the arts with students and professionals from thirty-five nations.

The Academy is registered by the Académie de Paris, as a private institution of higher learning under the 12 July 1875 jurisdiction.

Centered less than one kilometer from Notre-Dame cathedral in the famous Latin quarter, the Academy draws upon Paris' cultural and artistic heritage, stretching its campus across the city's museums, exhibits, cafes, and fashion houses.

The PAA works with its international students in helping to complete the necessary paperwork for visas and residency permits.

PARIS AMERICAN ACADEMY

SUMMER WORKSHOPS

INTERIOR DESIGN WORKSHOP

The interior design summer workshop grants participants the opportunity to participate in an intensive design studio, giving them a strong foundation in design technique and culminating in a final presentation of the works accomplished over the summer.

This course presents a practical and “hands-on” approach to the interior design profession. Lectures and workshops are enhanced with visits to Parisian architectural sites (both historical and contemporary), as well as to furniture and fabric stores. Students will analyze different techniques of drawing/ modeling, visual representation, and presentation, and will ultimately develop their own personal design methodology and representation style.
